

Central NY Area 47 Survey On Group Attendance at Area Assembly

The Area Assembly has been discussing how to encourage more groups to participate at the Assembly. We currently meet on the second Sunday of every month. Our meetings rotate around the central New York area, as a different group or district hosts the Assembly every month (see enclosed map). The meeting is from 1pm to 5pm, and the host district often serves a meal immediately afterward (optional). There are nearly 500 AA groups in Area 47, but only 50 – 85 groups participate in the Area Assembly.

We are considering some changes, and we would like your opinion. Please take a few minutes to talk to your group, then complete and return this survey in the enclosed envelope by **March 26, 2010**. We are extremely interested in your group conscience.

Which of the following proposals would make attendance at Assembly more attractive to your group? (Please choose all that apply, and rate your choices if you'd like.)

- Meetings held monthly as happens currently.
- Meetings held 7 times each year (January, February, March, April, September, October & November)
- Meetings held 10 times each year, taking off July and August.
- Meetings held quarterly for a longer time span.
- Meetings held in a single, central location.
- My group chooses not to attend Assembly.

How can Area 47 better serve your group?
